[Terms and Conditions](#)

1. The value of your Membership Rewards points when redeemed on JustGiving through 'American Express SafeKey®' and 'Use Points towards Purchases' is increasing from £0.00450 per point to £0.00631 per point for the period of the offer. The offer begins on Wednesday 8 July 2020 and ends at midnight BST on Wednesday 5 August 2020. Please note that for 'Use Points towards Purchases' a transaction can take up to 72 hours to appear on your statement. The offer will only be valid for transactions that appear on your statement within the offer dates provided. This offer is only valid when a transaction is made directly with the merchant, not through an aggregator, such as PayPal. This offer is only valid on fundraising pages and donations to UK registered charities via JustGiving.

2. You can choose to part-pay with points for eligible transactions via the SafeKey checkout.

Use Points with SafeKey

SafeKey will not appear if you have a recurring donation set-up with JustGiving, on crowdfunding pages on JustGiving, or for in-app digital wallet transactions which don't require SafeKey. If SafeKey does not appear, you can take advantage of the offer via 'Use Points towards Purchases'. If the points redeemed do not cover the entire purchase amount, then the rest of the purchase amount will remain on your Account. Goods and services are provided by the seller and not by American Express, our affiliates or our subsidiaries. In some cases, a SafeKey screen appears asking you to enter a One Time Code before continuing with your points redemption – this will be sent to you by text message and email. The statement credit will appear on your Card Account approximately three days after you request to redeem your points. Full Terms & Conditions apply and can be found [here](#).

Use Points towards Purchases

You can use your points to apply a credit to your Card Account against Eligible Transactions. The credit will appear on your Card Account approximately three (3) days after you have redeemed the points. You must redeem a minimum of 200 points per eligible transaction. Full terms and conditions can be found [here](#).

Full terms and conditions for the Membership Rewards programme apply. Visit [here](#) for more information.
